NATURE'S  
WELLNESS.

AGROZEN.COM

**Grown On Organic Farms**

We proudly work with American farmers who provide our hemp grown on organic farmland.

**Available In Multiple Strengths**

- 500mg
- 1000mg
- 1500mg
- 2500mg

**Choose Your Flavor**

Our premium CBD oil is available in these all natural flavors:  
• NATURAL • MINT • STRAWBERRY

**CBD TINCTURE OIL  
FULL SPECTRUM HEMP EXTRACT**

Our premium full spectrum hemp extract drops offer quick oral absorption to deliver maximum cannabinoid (CBD) benefits.

We use clean high-quality CO2 extraction processing to extract raw oil that has been grown on organic American farmland with no pesticides or herbicides.

The extremely pure CBD oil follows a strict Good Manufacturing Practice (GMP) to ensure every tincture bottle is filled and sealed for consistent quality products.

“Discover Nature’s Wellness” today to improve your quality of life from Agrozen Life Sciences.

# PRODUCT DESCRIPTION

Agrozen Life Sciences full spectrum CBD oil tinctures are available in 500mg, 1000mg, 1500mg, and 2500mg cannabinoid (CBD) potencies with natural, mint, or strawberry flavors. Tincture drops are an easy way to consume the natural plant compounds such as CBD, CBN, CBL, CBDA, CBG, among others to provide the maximum whole plant extract. The 1ml dropper provides flexibility to increase or decrease your desired dosage. As the milligrams increase so does the cannabinoid (CBD) concentration per 1ml dose (500mg=16mg, 1000mg=33mg, 1500=50mg, and 2500mg=83mg). Since everyone's body type and conditions are different, there is no recommended daily amount (RDA) and self-dosing is required. Per an industry publication, typical minimum daily dosing is 25mg of CBD twice a day. Keep in mind, more is not always better.

### Supplement Facts

Suggested Serving: 1 dropper (1 mL)  
 Servings Per Container: 30 (30mL)

Amount Per Serving	
Hemp Extract (whole plant)*	16-83mg

\*Daily Value not established.

Ingredients: Organic MCT Oil, Hemp Derived CBD, Natural Flavors

### DIRECTIONS

Adults take 1 dropper full (approximately 1mL) orally once per day and hold under the tongue for 60 seconds then swallow. The waiting period improves intake through blood vessels under the tongue and avoids first level metabolism for improved results.
